

# Fondation Francqui-Stichting

Fondation d'Utilité Publique - Stichting van Openbaar Nut

## *G-Protein - Coupled Receptors*

*(Hotel le Méridien 8 - 10 december 2000)*

---

### Spreekers :

Professor **Thue Schwarz**, The Panum Institute, Laboratory for Molecular Pharmacology  
Copenhagen-Denmark

Professor **Gebhart F.X. Schertler**, MRC Laboratory of Molecular Biology, Cambridge-UK

Professor **Brian Kobilka**, Stanford University, Howard Hughes Medical Institute, Stanford-USA

Professor **Jonathan A. Javitch**, Columbia University, Center for Molecular Recognition, Dept. of  
Pharmacology, New York-USA

Professor **Michel Bouvier**, Université de Montréal, Dept. de Biochimie, Québec-Canada

Professor **Peter Devreotes**, John Hopkins University School of Medicine, Dept. of Biological  
Chemistry, Baltimore-USA

Professor **Henry Bourne**, UCSF, Department of Pharmacology, San Francisco-USA

Professor **Craig Gerard**, Children's Hospital-Harvard Medical School, Boston-USA

Professor **Alberto Mantovani**, Istituto Mario Negri, Milan-Italy

Professor **Olivier Civelli**, University of California, Department of Pharmacology, Irvine-USA

Professor **Martin Lipp**, Tumor Genetics and Immunogenetics, Max-Delbrück-Centrum für  
Molekulare Medizin, Berlin-Germany

Professor **Doron Lancet**, Weizmann Institute of Science Dept. of Molecular Genetics, Rehovot-  
Israel

Professor **Ed C. Hulme**, Division of Physical Biochemistry, National Institute for Medical Research  
London-UK

Professor **Joël Bockaert**, CNRS UPR 9023 - CCIPE, Montpellier-France

Professor **Masashi Miyano**, Director of Structural Biophysics Laboratory, Riken Harima Institute  
Hyogo-Japan
