

Fondation Francqui-Stichting

Fondation d'Utilité Publique - Stichting van Openbaar Nut

A Molecular View of Heterogeneous Catalysis

(Universitaire Stichting 19-20 februari 1996)

Spreekers :

Professor **Alfons Baiker**, Swiss Federal Institute of Technology, Department of Chemical Engineering and Industrial Chemistry, Zürich, Switzerland

Professor **Jean-Marie Basset**, Cpe-Laboratoire COMS, Villeurbanne Cedex, France

Professor Donna Blackmond, Universität Essen, Institut für Technische Chemie, Germany

Professor **Richard Catlow**, Royal Institution of Great Britain, Davy Faraday Research Laboratory, London, UK

Professor **Avelino Corma**, Universitat Politècnica de Valencia, Instituto de Tecnología Química, UPV-CSIC, Spain

Professor **Michael Graetzel**, Institut de Chimie Physique, Ecole Polytechnique Fédérale de Lausanne - EPFL, Switzerland

Professor **Jerzy Haber**, Polish Academy of Sciences, Institute of Catalysis and Surface Chemistry, Krakow, Poland

Professor **Makoto Misono**, University of Tokyo, Faculty of Engineering, Hongo, Bunkyo-ku, Tokyo, Japan

Professor **Gabor Somorjai**, University of California at Berkeley, Department of Chemistry Berkeley, CA, USA

Professor Sir **John M. Thomas**, Royal Institution of Great Britain, Davy Faraday Research Laboratory, London, UK

Professor **Herman van Bekkum**, Delft University of Technology, Laboratory of Organic Chemistry, The Netherlands

Professor **Rutger A. Van Santen**, University of Technology Eindhoven, Schuit Institute of Catalysis, The Netherlands
