**Interdisciplinary Francqui Prize for European Research -
given to Professor Eric Remacle and Doctor Paul Magnette,
during a ceremony at the "Palais des Académies", on November
22, 2000**

Report of the Jury

Paul Magnette

Eric Remacle

Report of the Jury (September 20, 2000)

The crowned work, whose Jury underlines quality and clearness, answers perfectly the criteria defined for the granting of the Prize.

It is the perfectly coherent result of a remarkable interdisciplinary team work, characterized by a methodology which can be used as model of analysis of complex phenomena such as those which are the subject of the various contributions.

The made analysis is exhaustive, relevant and useful for the aim in view, in particular by a concrete examination of the tracks with a future likely to contribute effectively to the progress of European integration.

Decide to confer the

Interdisciplinary Francqui Prize for European Research - Year 2000

to **Professor Eric REMACLE**
